RESEARCH & TEACHING INTERESTS

Vertebrate ecology and conservation, population and community ecology, food web ecology, dryland ecology and management, demographic modeling, bibliometics

EDUCATION

Ph.D. in Fish, Wildlife, and Conservation Biology, Colorado State University 2019
Bats, elephants, and their food: A conservation perspective on trophic interactions in the Namib Desert
Dissertation Advisor: Joel Berger

B.A. in Ecology and Evolutionary Biology, Princeton University 2010
Niche overlap in the diets of three Amazonian caiman species
Thesis Advisor: Andrew P. Dobson

PROFESSIONAL APPOINTMENTS

Assistant Professor, New Mexico State University 2023-Present
Department of Fish, Wildlife and Conservation Ecology

Postdoctoral Scholar, University of Chicago 2021-2022
Department of Ecology and Evolution

Postdoctoral Scholar, Colorado State University 2019-2021
Department of Fish, Wildlife and Conservation Ecology

GRANTS IN SUPPORT OF RESEARCH, TEACHING, & TRAINING

1. New Mexico Department of Wildlife. *"Acoustic surveys of bat species of greatest conservation need within wind energy-impacted landscapes of New Mexico"* ($114,066; PI: TM Laverty; 2027-2029).
2. New Mexico State University. *"Tracking tiny flying creatures: quantifying the use of agricultural fields and an agrivoltaics system by bats, birds, and dragonflies in southern New Mexico"*($24,838; PI: TM Laverty, Co-PIs: CS Bundy, K Bowers, AC Young; 2026-2027)
3. National Science Foundation. *"LTER: Advancing ecological understanding of drylands through integrated research at the Jornada Basin (JRN-8)"* ($7,649,997 [3% credit]; PI: NP Hanan, Co-PIs: BT Bestelmeyer, S Bestelmeyer, DM Browning, F Garcia-Pichel, TM Laverty, GE Maurer, ME Mauritz-Tozer, GS Okin, N Pietrasiak, SC Reed, AL Romero-Olivares, OE Sala, RL Schooley, ER Vivoni; 2025-2031).
4. Arizona Game and Fish Department. *"Movement ecology of bats with Motus"* ($100,000; PI: TM Laverty; 2025).
5. Bureau of Land Management. *"Identifying barriers to pronghorn (Antilocapra americana) habitat connectivity in southwestern New Mexico in relation to rangeland management and renewable energy development"* ($502,843 [30% credit]; PI: JW Cain, Co-PIs: JK Frey, TM Laverty; 2024-2028).
6. National Science Foundation. *"BRC-BIO: The interactive effects of bats and insects on shrub encroachment dynamics in the Chihuahuan Desert"* ($497,568; PI: TM Laverty; 2024-2027).
7. National Park Service. *"Determining activity patterns within and seasonal movements between protected areas in the southwest borderlands for bats of greatest conservation need"* ($54,884; PI: TM Laverty; 2024-2026, with an additional $42,500 awarded in 2025).
8. U.S. Department of Agriculture National Institute of Food and Agriculture. *"Current and Future Issues of Southwestern Ecosystem Structure and Function"* ($90,000 [13% credit]; PI: TM Laverty, Co-PIs: F Abadi, WJ Boeing,

KE Bowers, CS Bundy, MJ Desmond, JK Frey, S Fuentes-Soriano, M Garbowksi, ME Gompper, NP Hanan, O Hernández-Gómez, ZB Klein, RA Ramirez, AC Young; 2024-2028)

9. Bureau of Land Management. *"Influence of Wind Energy Development on Medium and Large Mammals"* ($248,609 [50% credit]; PI: JK Frey, Co-PI: TM Laverty; 2023-2025, with an additional $5,800 awarded in 2024).
10. National Geographic Society. *"Coding for conservation: Quantitative training for the next generation of environmental leaders in Madagascar"* ($25,000; PI: CE Brook, Team Members: AF Andrianiaina, E Cornelius Ruhs, TM Laverty, O Razafindramatsima; 2022-2023).
11. New Mexico Department of Game and Fish. *"Seasonal abundance, population structure, and diet of long-nosed bats in southwestern New Mexico in relation to contemporaneous food availability"* ($49,839; PI: K Stoner, Co-PI: TM Laverty; 2020-2022).
12. Grants for Graduate Research: National Science Foundation Graduate Research Fellowship, Bat Conservation International Student Research Scholarship for Global Bat Conservation Priorities, National Geographic Society Young Explorers Grant, Sigma Xi Grant-In-Aid of Research, The Explorers Club Exploration Fund, University of Montana (Fred H. Mass Scholarship, Danny On Memorial Scholarship, George and Mildred Cirica Graduate Student Support Fund [declined due to university transfer]), and Colorado State University (Eugene Decker Fellowship, Hill Memorial Fellowship, WCNR Student Success Scholarship) (Total: $149,450; 2013-2019).
13. Grants for Undergraduate Research: Princeton University (John T. Bonner Senior Thesis Fund and the Dean of the College Fund for undergraduate senior thesis research) (Total: $7,800; 2009).

PUBLICATIONS & SCHOLARLY COMMUNICATION

Co-first Author, †Co-senior Author; Lab personnel: [GS]Graduate Student, [UG]Undergraduate Student

Preprints & Manuscripts in Review or in Revision

1. Cooper MC, LaRue ZBT, Boeing WJ, Laverty TM, Fernald AG, Geli HME, Jones KW. Water conservation attitudes and behaviors in the arid southwestern United States.*In review*, ***Sustainable Water Resources Management***.
2. [GS]Rohan IM, Laverty TM, Frey JK. Terrestrial mammals alter habitat use in response to turbine visibility at a central New Mexico wind energy facility. *In revision*, ***Conservation Science and Practice***.

Peer-reviewed Publications & Book Chapters

AWARDS & FELLOWSHIPS

Awards

Outstanding Departmental Publication Award, Colorado State University — 2021
for the 2021 *Ecological Applications* article

Fellowships

National Science Foundation Graduate Research Fellowship — 2013-2018

COURSE DEVELOPMENT & TEACHING EXPERIENCE

Undergraduate Courses, New Mexico State University

FWCE 330: Natural History of the Vertebrates (2024-2026)
FWCE 355: Wildlife Management and Analysis (2025)
FWCE 431: Mammalogy (2024, 2026)

Graduate Courses, New Mexico State University

FWCE 531: Mammalogy (2024, 2026)
Intro to GitHub Workshop (2023)

Guest Lectures & Participation in Field Courses

New Mexico State University: FWCE 464: Management of Aquatic and Terrestrial Ecosystems (2026), FWCE 330: Natural History of the Vertebrates (2023)
University of British Columbia, Okanagan: BIOL_O 370: African Savannah Biology (2025)
Colorado State University: NR 300: Biological Diversity (2018, 2019, 2020), BZ 330: Mammalogy (2020), FW 455: Principles of Conservation Biology (2020), FW 370: Design of Fish and Wildlife Projects (2018), FW 104: Wildlife Ecology and Conservation (2017)
University of Montana: WILD 480: The Upshot: Applied Wildlife Management (2014, 2015), BIOO 101N: Montana Wildlife (2013)
Princeton University: EEB 380: Ecology and Conservation of African Landscapes field course (2012)

Teaching Assistant

Colorado State University: NR 300: Biological Diversity (2018, 2019), FW 370: Design of Fish and Wildlife Projects (2018)
University of Montana: WILD 480: The Upshot: Applied Wildlife Management (2014), BIOO 101N: Montana Wildlife (2013)
Princeton University: EEB 380: Ecology and Conservation of African Landscapes field course (2012)

STUDENT MENTORSHIP

Graduate Students Advised

Flor Calderón	NMSU	Wildlife and Fisheries Ecology	Ph.D.	In progress
Ryan Moore	NMSU	Wildlife and Fisheries Ecology	Ph.D.	In progress
Melanie Solis Alvarez *(Co-advisor: Wiebke Boeing)*	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	In progress
Matthew Becker *(Co-advisor: Jennifer Frey)*	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	In progress
Taylor Pichler	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	In progress
Brandi Stevenson	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	In progress
Holly Whited	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	2026
Iona Rohan *(Co-advisor: Jennifer Frey)*	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	2026

Students under my supervision have been awarded over $12,000 in grants and awards in support of their research, teaching, and outreach and been the recipients of the following fellowships- and grants to support their studies:

- JRN-LTER Graduate Research Fellowship (R Moore)
- Ecological Society of America's Forrest Shreve Student Research Award (T Pichler)
- Southwestern Association of Naturalists' Howard McCarley Student Research Grant (H Whited)

Doctoral Committee Service

Ryan Rimple	NMSU	Biology	Ph.D.	In progress
Mark Peyton	NMSU	Biology	Ph.D.	In progress

Masters Committee Service

Nick Sebastian	UIUC	Natural Resources & Environmental Sciences	M.S.	In progress
Charisa Bell	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	In progress
Ella Engelhard	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	In progress
Julia Nelson	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	2026
William Grooms	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	2025
Elizabeth Brock	NMSU	Water Science and Management	M.S.	2025
Samuel Martinez	NMSU	Fish, Wildlife and Conservation Ecology	M.S.	2024

External Thesis Examiner

Veli Monday Mdluli	University of the Free State QwaQwa (S. Africa)	Ph.D. Thesis Examiner	2024

SERVICE TO THE UNIVERSITY & PROFESSIONAL ORGANIZATIONS

New Mexico State University

2023-Present Institutional Animal Care and Use Committee

NMSU College of Agricultural, Consumer and Environmental Sciences

2025-Present Connections & Engagement Initiative Committee

NMSU Department of Fish, Wildlife and Conservation Ecology

2024-Present	Undergraduate Curriculum Committee
2024	Search Committee, Chair of the Department of Fish, Wildlife and Conservation Ecology
2023-2024	Diversity, Equity, and Inclusion Committee

Jornada Basin LTER

2025-Present	Information Management Committee

Other Universities & Professional Organizations

2025-Present	State Wildlife Action Plan (SWAP) for New Mexico Core Team, New Mexico Department of Wildlife
2023-Present	Co-coordinator of Southern African bat assessments for the IUCN Red List
2022-Present	GBatNet Prioritizing Key Habitats and Species Conservation Working Group
2020-2024	NABat Emergence/Summer Colony Count Working Group
2023	Lesser Long-nosed Bat Post-Delisting Monitoring Plan Participant, U.S. Fish and Wildlife Service
2021-2022	Diversity, Equity, & Inclusion Committee, Ecology and Evolution Department, University of Chicago
2017-2019	Planning Committee Member, Northern Colorado & Wyoming chapter of Expanding Your Horizons—an annual STEM workshop for 6th through 8th grade girls
2017-2018	Dr. David Otis Speaker Series Selection Committee, Colorado State University
2017	Panel member, Colorado State University Info Session on the NSF Graduate Research Fellowship Program
2013-2014	Graduate Representative, Population Ecology Assistant Professor Search Committee, University of Montana
2014	Graduate Representative, Department of Ecosystem & Conservation Sciences Student Evaluation Committee, University of Montana

SERVICE AS A REVIEWER

***Ad hoc* journal referee (No. of reviews):** *Acta Chiropterologica* (5), *African Zoology* (1), *Biological Conservation* (2), *Biotropica* (2), *EcoHealth* (1), *Global Change Biology* (1), *Global Ecology and Biogeography* (3), *Herpetological Monographs* (1), *Human Dimensions of Wildlife* (7), *Journal of Arid Environments* (1), *Journal of Bat Research and Conservation* (1), *Journal of Mammalogy* (5), *Mammal Review* (1), *PLOS ONE* (1), *Proceedings of the Royal Society B: Biological Sciences* (2), *Scientific Reports* (1), *Sustainability* (2), *Urban Ecosystems* (2)

Other reviewer service: Bat Conservation International (8), National Geographic Society (17), The Red List of Mammals of South Africa, Lesotho and Swaziland (1, species status assessment)

SEMINARS, OUTREACH, & MEDIA APPEARANCES

Invited Seminars

2026	Angelo State University, Dept. of Biology
	University of Nevada, Las Vegas, School of Life Sciences
	National Park Service Natural Resources Stewardship and Science Directorate webinar
2024	Jornada Basin LTER Desert Ecology Short-Course
2023	Iowa State University, Dept. of Natural Resource Ecology and Management
	North American Bat Monitoring Program (NABat) Community of Practice call
	New Mexico State University, Dept. of Biology
2022	University of Illinois Urbana-Champaign, Program in Ecology, Evolution, and Conservation Biology
	New Mexico State University, Dept. of Fish, Wildlife and Conservation Ecology
2021	Bat Conservation International, Brown Bat Lunch series
	Rutgers University–New Brunswick, Graduate Program in Ecology and Evolution
	Society for Conservation Biology, Emerging Issues in Conservation series
	Indiana State University, Dept. of Biology
	University of Northern Colorado, Dept. of Biology

2020 Boise State University, Dept. of Biological Sciences
Oak Ridge National Laboratory, Aquatic Ecology Group

Interviews & Media Appearances

2025 KRQE News 13-Albuquerque, Bat Conservation International
2023 Nature Research Ecology & Evolution Community, Grist, The Wildlife Society, CSU Source
2021 Roan NEWS Magazine-Namibian Environment & Wildlife Society, CSU Source
2020 Nature Research Ecology & Evolution Community, CSU Source, PU Agriculture News, Diverse: Issues in Higher Education

PROFESSIONAL DEVELOPMENT

Training Programs

2026 Data Science by Design: Integrating Data Science Skills into Biology Courses, Ecological Society of America (Instructor: Nate Emery).
Publish & Flourish: Become a Prolific Author, NMSU Teaching Academy (Instructor: Tara Gray).
2025 Grammarly For Education at NMSU with Authorship, NMSU Academic Technology.
P&T Panel: Promotion to Associate Professor, NMSU Teaching Academy.
Documenting Your Teaching Effectiveness, NMSU Teaching Academy (Instructor: Michelé Shuster).
Blueprint for Success: Backward Design and Alignment Made Easy, NMSU Teaching Academy (Instructor: Emad Mansour).
Setting Boundaries for Work-Life Balance, NMSU Teaching Academy (Instructor: Brian Hampton).
Deep Work for Scholarly Writing Book Group, NMSU Teaching Academy (Instructor: Rebecca Campbell).
Balancing High Expectations & Compassion, NMSU Teaching Academy (Instructor: Sarah Rose Cavanagh).
Designing Assignments AI Can't Solve, NMSU Teaching Academy (Instructor: Ashley Evans).
Early Career Workshop, NMSU Postdoctoral Association (Instructor: William Michener).
Quantitative Community Ecology in R, Ecological Society of America (Instructors: Matt Aiello-Lammens & Sarah Supp).
Five-day Bat Acoustic Survey Course, Bat Survey Solutions (Instructor: Janet Tyburec).
Enhance Engagement with AI, NMSU Teaching Academy (Instructor: Cynthia Alby).
What Students Can Keep for Life: Elements of Effective Thinking, NMSU Teaching Academy (Instructor: Michael Starbird).
Quick-Start Your Career, NMSU Teaching Academy (Instructors: Rebecca Brent & Richard Felder).
Get Your Students Actively Engaged, NMSU Teaching Academy (Instructors: Rebecca Brent & Richard Felder).
2024 NSF H.S.I. Institutional Transformation Project: NMSU-MÁS, Mejorando las Aulas en STEM/Improving STEM Classrooms (Instructors: Michèle Shuster & Louiza Fouli).
(Re)invent your spring course: A workshop and retreat, NMSU Teaching Academy (Instructor: Oana Cimpean).
Entering Mentoring, NMSU Teaching Academy (Instructor: Niall Hanan).
Simplifying Grading for STEM Writing, NMSU Teaching Academy (Instructor: Chris Bickford).
Class Time Reconsidered: Active Learning in the University Classroom, NMSU Teaching Academy (Instructor: Derek Bruff).
Approaches to Teaching STEM Writing, NMSU Teaching Academy (Instructor: Chris Bickford).
Confessions of a Converted Lecturer: Teaching as Telling or Teaching as Questioning? NMSU Teaching Academy (Instructor: Eric Mazur).
Teaching as Questioning Through Peer Instruction, NMSU Teaching Academy (Instructor: Eric Mazur).

(continued)

2023	Team Mentoring for Faculty New to NMSU, NMSU Teaching Academy (Instructors: Tara Gray & Rene Guillaume). Red List Workshop for Old World Bats, African Small Mammal Symposium (Instructors: Dave Waldien & Ara Monadjem). SO Much Content–SO Little Time: Maximize Student Learning by Optimizing Your Class Time, NMSU Teaching Academy (Instructor: Kevin Yee). Developing and Applying Educational Modules that Link Museums, Biodiversity Literacy, and Emerging Disease, International Mammalogical Congress (Instructors: Jocelyn Colella, Anna Monfils, & Alejandra Camacho). Using Networked Course-Based Undergraduate Research Experiences (CUREs) and Open-Access Digitized Collections to Engage Your Students in Mammalogy, International Mammalogical Congress (Instructors: Cecily Bronson, Practice Connors, Jennifer Duggan, Elizabeth Flaherty, Carly Jordan, Janice Krumm, Hayley Lanier, & Johanna Varner).
2022	Video Techniques for Tracking and Counting Bats, International Bat Research Conference (Instructors: Aaron Corcoran & Edward Hurme). Old World Bat Red List Assessment Workshop, International Bat Research Conference (Instructors: Dave Waldien, Justin Welbergen, & Paul Webala). A Crash Course in Managing Conservation Projects, North American Congress for Conservation Biology (Instructor: Adam Barlow).
2020	Conservation Policy Crash-Course for Scientists, North American Congress for Conservation Biology (Instructors: Michael Evans, Andrew Carter, & Jacob Malcom).
2019	Fundamentals of Structural Equation Modeling Course, CSU's Graduate Degree Program in Ecology (Instructor: James Grace).
2018	Introduction to Qualitative Data Collection and Analysis Workshop, North American Congress for Conservation Biology (Instructors: Rebecca Thomas & Jessica Sparks). Translational Ecology Course, Southwest Climate Science Center (Instructors: Gregg Garfin, Steve Jackson, & Carolyn Enquist).
2017	Freshwater Health Index Applications and Implementation Workshop, International Congress for Conservation Biology (Instructors: Helen Regan & Derek Vollmer).
2015	Communicating Science Workshop, University of Montana (Instructor: Randy Olsen).
2014	Intro to GIS Course, Montana Chapter of the Society for Conservation Biology (Instructor: Tara Chesley-Preston). Bayesian Population Analysis Course Using WinBUGS and JAGS, University of Montana (Instructors: Marc Kéry & Michael Schaub).

Memberships in Professional Societies

American Society of Mammalogists, Association for Tropical Biology and Conservation, Ecological Society of America, Global South Bats, North American Society for Bat Research, Society for Conservation Biology, The Wildlife Society, Western Bat Working Group

LANGUAGES

Fluent in English & Spanish
